

# Nature of the Beast

By: Mike Dehlin

Preacher...

Preacher's hands are sticky, sinned with greed

Jesus...

Jesus's just a man who needs belief

Hearin' lies on which your head will feed

You know it's just the nature of the beast

You don't do what you're told

When you're rollin' down that lonesome road

Forever

From the mountains to the sea

Businessman...

Linin' all his pockets with your dreams

Workin' man...

Keepin' all the hope alive it seems

Hearin' lies on which your head will feed

You know it's just the nature of the beast

You don't do what you're told

When you're rollin' down that lonesome road

Forever

From the mountains to the sea

(Yodel)

Lawman...

Makin' livin' hard for you and me

Soldier...

Takin' orders from those who mislead

Hearin' lies on which your head will feed

You know it's just the nature of the beast

You don't do what you're told

When you're rollin' down that lonesome road

Forever

From the mountains to the sea

You know it's just the nature of the beast
